

Project: Potomac Renaissance Condominium

Location: Colonial Beach, VA

Contractor: Value Craft Homes

Project Manager: Kevin McKinny

Project Start: February 2006

Project Finish: February 2007

Project Detail:

Taylor Street condominiums is a five story building with four stories of living units above a concrete/steel drive under garage.

The condominium structure consists of 28 living units that offer 2 and 3 bedroom units with 2 baths and range from 934 to 1433 sq. ft.

The building is built to withstand 100 mph winds and features full fire safety and alarm systems. Elevators service all floors in the building.

The Exterior is a stucco and features a flat commercial roof with a parapet around the perimeter.

Project Highlights:

- 4 story building on concrete and steel parking garage
- 26 condominiums
- Full fire safety systems
- Stucco exterior
- Elevators
